**Subject:** Portland Harbor Clean Up - COMMENTS

The proposed clean-up plan for the Portland Harbor is NOT enough,...the health of the wildlife,...the health of the community deserve better,...in a big picture view,...accepting the "pollution" in perpetuity is NOT acceptable.

Currently,...there appear to be more than 100 business' that have some responsibility for the pollution,...please consider negotiating a per cent of their future earnings to continue funding a larger scope of work with the expectation that at some point in time the clean up of the "pollution" will be complete.
